Kidneys for Communities®

A NO-COST MEMBER BENEFIT

Kidneys for Teachers™

Give your educators a lifeline.

Free support for educators who need a kidney and for those ready to donate one, offered by you and run entirely by Kidneys for Communities™.

WHY ARE LIVING KIDNEY DONORS VITAL FOR PEOPLE WITH KIDNEY DISEASE?

94,000+
people in the U.S. are waiting for a kidney transplant

3–5 years
the wait for a deceased-donor kidney

13 people
die each day waiting for a kidney transplant

Kidneys for Teachers™ is a benefit you can offer your educators and staff, whether they need a kidney or want to give one.

HOW PARTNERSHIP WITH KIDNEYS FOR COMMUNITIES WORKS

We will be there for your people when it matters most.

Whether an educator needs a kidney or **feels called to donate one**, our new Kidneys for Teachers™ program gives your organization a way to support them, at no cost and with no ongoing obligation. Kidneys for Communities® handles everything else: navigation through the process, advocacy materials, donor support, and all follow-up.

Where educators save educators.

What your organization gets:

Real support for your people

For those who need a kidney and those who give one

Custom materials made for you

Everything you need to share and educate, ready to go

Privacy built in

Donors can keep their anonymity–it's totally up to them

A ripple effect

One story can spark conversations across your community

What we ask of you:

1

Share about the program your way. Newsletters, meetings, emails, or a simple widget on your website: whatever reaches your people.

2

Invite us in. We'll join your events and meetings. Just let us know what you need to get the word out to your members.

3

Watch the impact reach home. Whether they need a kidney or want to give one, your people reach out on their own. Every donor helps save a life close to home.

We support both sides of the journey...

ALL AT NO COST.

FOR EDUCATORS SEEKING A KIDNEY

- **Custom campaign assets:** their story, told their way
- **A personal page:** their community can rally behind
- **Social media** best practices
- **Guidance** on engaging their community
- **Support** throughout the transplant journey

FOR LIVING DONORS

- **Support** from the beginning
- **Personalized** guidance
- Help with **donation-related** costs
- **No cost** to participate
- **Education** about the donor journey
- **Anonymity**
- **Future kidney pledge option** for non-directed donors
- The chance to save someone in your community

Let's partner.
